## THE HEIRLOOM PORTRAIT EVENT

### The Experience

Children's heirloom portraits have been enjoyed for generations, but are somewhat of a lost art. You probably have heirloom photographs of your grandparents adorning the walls in your home.

These portraits are done in-studio on a white background to keep the images looking timeless and to keep the focus on the child.

Use of client wardrobe is included.

It's so important to capture your children in a way that is timeless, because you're preserving your family's history and legacy.

Heirloom Portraits are for both boys and girls and is perfect for children of all ages (12 months- 12 years). Child must be able to sit up on their own.

Digital images come complimentary with any products purchased after you view your gallery.
